Superintendent U. S. Mint,

Sir:-

Your letter of the 4th instant enclosing copy of a letter from the Melter and Refiner stating that he had tested two kinds of coal for melting purposes, that furnished by G. B. Newton & Co. and by H. C. Cook and that there was a marked difference in the quality. From the report of the Melter and Refiner it appears that the quality of the coal furnished by Mr. Cook, who was the lowest bidder, is unsuitable for melting purposes, while that furnished by G. B. Newton & Co. the next lowest, at \$5.30 per ton, is far superior and much more economical in every respect. Your recommenda-

tion that the proposal of Mr. Cook be rejected and that the contract for melting-coal required during the current fiscal year be awarded to Newton & Co. the next lowest bidder is approved.

Very respectfully,

Just M. B. C.
Director.

Sir: -

Your letter of the 4th instant enclosing copy of a letter from the Melter and Refiner stating that he had tested two kinds of coal for melting purposes, that furnished by G.B. Newton & Co. and by H.C. Cook and that there was a marked difference in the quality. From the report of the Melter and Refiner it appears that the quality of the coal furnished by Mr. Cook, who was the lowest bidder, is unsuitable for melting purposes, while that furnished by G.B. Newton & Co. the next lowest, at \$5.30 per ton, is far superior and much more economical in every respect. Your recommendation that the proposal of Mr. Cook be rejected and that the contract for melting-coal required during the current fiscal year be awarded to Newton & Co. the next lowest bidders is approved.
